

► Features

- Compact
- Easy to use
- Use with AUDAC CMX serie gooseneck microphones
- Same design as APM digital paging microphones
- Stable design

► Applications

- Meeting rooms
- Houses of worship
- Offices
- Shops

The APM microphone base was designed to be used with a AUDAC CMX series gooseneck microphone (or any other gooseneck microphone with XLR connector) on any amplifier equipped with microphone inputs.

There's a female XLR connector on top to mount the gooseneck microphone and a male XLR connector at the back to connect the microphone cable.

The APM microphone base is very stable and features the same design as the APM paging microphones, to blend fully with the other equipment.
